A Warrior of the People Jul 20 2019 "An important and riveting story of a 19th-century feminist and change agent. Starita successfully balances the many facts with vivid narrative

passages that put the reader inside the very thoughts and emotions of La Flesche." —Chicago Tribune On March 14, 1889, Susan La Flesche Picotte received her medical degree—becoming the first Native American doctor in U.S. history. She earned her degree thirty-one years before women could vote and thirty-five years before Indians could become citizens in their own country. By age twenty-six, this fragile but indomitable Native woman became the doctor to her tribe. Overnight, she acquired 1,244 patients scattered across 1,350 square miles of rolling countryside with few roads. Her patients often were desperately poor and desperately sick—tuberculosis, small pox, measles, influenza—families scattered miles apart, whose last hope was a young woman who spoke their language and knew their customs. This is the story of an Indian woman who effectively became the chief of an entrenched patriarchal tribe, the story of a woman who crashed through thick walls of ethnic, racial and gender prejudice, then spent the rest of her life using a unique bicultural identity to improve the lot of her people—physically, emotionally, politically, and spiritually. Joe Starita's *A Warrior of the People* is the moving biography of Susan La Flesche Picotte's inspirational life and dedication to public health, and it will finally shine a light on her numerous accomplishments.

Good Grief Oct 15 2021 At age twelve, author Thomas Michael Johnson faced the death of a great-grandparent he was close to as a child. That trauma left him with an irrational fear of losing loved ones. By the time he married and became a father, the fear of death living within him was incapacitating and debilitating, often causing difficulties in his personal and professional life. Seeking freedom from this terror, Johnson began to understand the difference between joy and happiness; he was delivered from the fear some six weeks before his wife's untimely demise. After nearly nineteen years of marriage, he woke to find his beloved wife had passed away while he slept. He suddenly became a single parent of three sons (ages seventeen, thirteen, and twelve),

struggling through the typical single-parent issues with an added layer of grief. Johnson's middle son's autism added to the challenges. In *Good Grief*, Johnson shares an account of the trepidation he lived through as a young man, his freedom from the fear of death before his wife died, and the two years following her death. This memoir focuses on the lessons he learned from God directly, from scripture, and from the tight-knit group of family and friends God had given him. Raw and authentic, Johnson chronicles a story of his experience as a grieving widower, a single father, and a broken child of God who had no choice but to ask for help from those surrounding him, while trying to restore joy in his home.

Learning Zulu Nov 23 2019 "Why are you learning Zulu?" When Mark Sanders began studying the language, he was often asked this question. In *Learning Zulu*, Sanders places his own endeavors within a wider context to uncover how, in the past 150 years of South African history, Zulu became a battleground for issues of property, possession, and deprivation. Sanders combines elements of analysis and memoir to explore a complex cultural history. Perceiving that colonial learners of Zulu saw themselves as repairing harm done to Africans by Europeans, Sanders reveals deeper motives at work in the development of Zulu-language learning—from the emergence of the pidgin Fanagalo among missionaries and traders in the nineteenth century to widespread efforts, in the twentieth and twenty-first centuries, to teach a correct form of Zulu. Sanders looks at the white appropriation of Zulu language, music, and dance in South African culture, and at the association of Zulu with a martial masculinity. In exploring how Zulu has come to represent what is most properly and powerfully African, Sanders examines differences in English- and Zulu-language press coverage of an important trial, as well as the role of

linguistic purism in xenophobic violence in South Africa. Through one person's efforts to learn the Zulu language, Learning Zulu explores how a language's history and politics influence all individuals in a multilingual society.

Fire Vision Apr 09 2021 Within the pages of the Holy Bible, the Lord God Almighty used fire in powerful ways to deliver His message. His authority became apparent when He brought or sent fire down. A few excellent illustrations include Elijah and the prophets of Baal, the three young men in the fiery furnace, Sodom and Gomorrah, and Moses at the burning bush and the tongues of fire on the day of Pentecost. Consider also our largest visual source of fire and heat. The solar sun eclipses and blood moons are often considered as key events or signs in God's Word. Flames entered my apartment in 1992 and left behind four distinct burned images with sealed messages from the eternal consuming fire. The amazing images in my bedroom later told the story of my heart attack. The Holy Spirit unlocked these images by His Word through time. The Cokeville miracle story also has a detailed fire image that was burned into the wall. Its message had been well hidden until now. Learn the interpretations for these miraculous images and understand that the same Creator who made these images will be returning someday with His fire vision to judge all things. The single most important and unanswered question for many people today remains a mystery. Ask yourself, "How will the King of kings see me?"

Australian Indigenous Hip Hop Oct 27 2022 This book investigates the discursive and performative strategies employed by Australian Indigenous rappers to make sense of the world and establish a position of authority over their identity and place in society. Focusing on the

aesthetics, the language, and the performativity of Hip Hop, this book pays attention to the life stance, the philosophy, and the spiritual beliefs of Australian Indigenous Hip Hop artists as ‘glocal’ producers and consumers. With Hip Hop as its main point of analysis, the author investigates, interrogates, and challenges categories and preconceived ideas about the critical notions of authenticity, ‘Indigenous’ and dominant values, spiritual practices, and political activism. Maintaining the emphasis on the importance of adopting decolonizing research strategies, the author utilises qualitative and ethnographic methods of data collection, such as semi-structured interviews, informal conversations, participant observation, and fieldwork notes. Collaborators and participants shed light on some of the dynamics underlying their musical decisions and their view within discussions on representations of ‘Indigenous identity and politics’. Looking at the Indigenous rappers’ local and global aspirations, this study shows that, by counteracting hegemonic narratives through their unique stories, Indigenous rappers have utilised Hip Hop as an expressive means to empower themselves and their audiences, entertain, and revive their Elders’ culture in ways that are contextual to the society they live in.
